overrides were voted - the Center School boilers at $152,900 and the corrosion control facility, $142,500, both needing a 2/3 vote; the sewer plant expansion for $450,000 will also go on the ballot for the special election as a debt exclusion override, needing only a majority vote because the payments are spread over a 10-year loan. By law the special election must be held within 60 days or the overrides fail by default, said Town Counsel Donald J. Fleming.

A $5.54 million fiscal 1988 town operating budget was approved with $5,299,070.36 coming from taxation; the balance of $241,558.64 coming from transfers, including $157,638.14 free cash; $78,810, Revenue Sharing; $2,798.50, State aid to libraries; $318, wharf parking receipts, and $8,994, boat excise taxes. The voters tightened their belts on one school issue by defeating two efforts by the Old Rochester Regional District School Committee to increase its maintenance and operation budget by $94,591, from $1,365,377 to $1,459,968, as Mattapoisett's share.

Despite the reasons given by Peter Coville, Mattapoisett's ORR member, and Joao "Rod" Rodrigues, ORR Athletic Director, the passage would have required a 2/3 vote - it did not, receiving 134 yeas to 95 no. Having been defeated the first night, it was asked to be reconsidered on Wednesday with a denial vote 151 to 91, in spite of opening remarks by Town Counsel Fleming that there was

confusion with the necessary amount of votes needed to pass; a simple majority and not 2/3 was needed. However, Attorney Fleming said, "Monday's vote was legal. I apologize for the inconvenience, but I feel the law was poorly drafted."

The ORR budget and six other budget items were put on hold to receive further discussion. The Mattapoisett School Committee Chairman Ellen Driscoll asked for and received an increase in its budget to be brought into line with the 6.4 percent increase in the ORR school budget and other town departments. This passed 133 to 93, needing only a majority vote as it wasn't going for an override. Finance Committee Chairman pro-tem Richard Gamache explained Articles 14, 15, 16 and 18 for a total of $18,800 would have to be indefinitely postponed to make up for the $21,815 increase. He noted these articles could be reintroduced at a special town meeting later when the town has received its cherry sheet figures.

Defeated was Harbormaster Steve Mach's request to amend the expenses

for his department from $6,586 to $7,000 to include funds to maintain the harbor patrol boat. A question from the floor on why $10,000 was now needed to pay the town's auditing was explained by Selectmen Chairman John DeCosta who said, previously all audits were done by the state, but now the town has to hire a private firm. A question on the increase in clerical help for the Board of Appeals was explained by Selectman Frank Suzan who said the Appeals clerk's duties will be combined with those of the Building Inspector, sharing the total pay. Police Lt. James Santos explained to the voters the expenses of the ambulance budget, saying the reduction of $1,400 was due to the new ambulance not needing so much maintenance at this time, with the balance being used to replace disposable items and to pay for EMT class training.

A hold on the printing of town reports and the cost figure of $4,788 was requested by Paul M. Kelley, who said, "The book has gone down the tubes and the printing is terrible for the cost." Anthony "Tony" Pelson commented "We don't really need photos."

The Monday meeting opened with Moderator R. William Blasdale saying, "This is an interesting year what with overrides and debt exclusions", and he asked if there were any questions on the override articles. No one responded. The Rev. Raymond Patch, pastor of the Mattapoisett Congregational Church, gave the invocation, followed by a moment of silence for departed officials.

The early part of the first meeting was spent discussing the Personnel By-Law changes. Beverly Posiviata of the Personnel Board did an outstanding job in defending the Board's actions and explaining how the salary scales were arrived at by the company hired to do the re-aligning of the wage/scale classification. When the presentation was completed, and after the first five articles were approved, the moderator commented, "It's not easy to change a wage scale", and he asked for a round of applause for the Personnel Board. In response to Richard Chase's question, Mrs. Posiviata said, "Yes, there was some dissension in January when the first draft was released, but the Board saw each employee personally to hear their concerns."

On the Personnel changes, James Nunes of the Highway Department asked to have his department's motor equipment operator upgraded from 19 to 24 saying he and the men in the department have all reached the maximum of $10.01 per hour and the only increase they can expect is 2½ percent annually. "If we were placed in grade 24 at the bottom at $10.01 per hour, we could advance to a maximum of $12.78 per hour". This, and a request by Gary Gaspar to upgrade the Water Department's operator attendant from 18 to 24, were both defeated. Water/Sewer Superintendent

William Nicholson asked to have the Water Department 18 upgraded to the Highway Department's 19 and to upgrade his classification from 25 to 27; both lost. Mrs. Posiviata explained the classifications were based on job skills and were analyzed by the private firm that has done considerable work in this field. She noted the Board welcomes any employee to attend a meeting to discuss their grievances.

Considerable discussion was held on the Fire Chief's salary schedule ($5,290 annually) versus the Recreation Director's ($5,850). Mrs. Posiviata said the disparity was never brought to our attention before; in fact, Chief Donald Wood himself never brought it up to the Board. Barry Haskell, a non-resident, asked permission to speak to the voters, saying he puts in over 1,000 hours per year and works at odd hours, including the Little Leagues. He felt the grade scale of 14 is figured according to hours worked and not one of value. As a result of the disparity, it was voted

unanimously to increase the Fire Chief's salary to $5,580 equal to that of the recreational director. A move by Lt. Santos to increase the chief's salary to $6,500 was defeated.

The three police station articles were explained by Robert Coquillette, member of the disbanded Police Station Needs Study Committee, and Lt. Santos. Voters listened patiently until 11 p.m. Wednesday as Lt. Santos withdrew Article 26 which sought to authorize the Selectmen to petition the state for special legislation to build a police station in a method to exempt the building process from labor contracts and the bidding process. In giving his opinion, Town Counsel felt "the $600,000 station will not fly because legislation will not allow the building without bids". Selectman William F. Hubbard, who has experience in building, stressed he felt sure no way could the station be built properly for under $1.3 million if a qualified architect is used. Mr. Coquillette explained the station could be built for the lower figure by using standardized building procedures, and claimed an architect is not needed. Attorney Fleming countered saying he understands a licensed architect is needed on a public building.

Richard Chase said, "An independent architect is absolutely necessary and a turnkey method whereby the builder uses its own architect can present problems."

Voted favorably was $12,000 to be transferred from free cash to choose a select committee, interview architects and obtain professional estimates for a 6,410 square foot police station. Following the three articles, Vincent Worden complimented the police department and others for their thorough preparation of the three police station articles.

The override for the Center School boilers at $152,900 was explained by School Committee Chairman Ellen Driscoll who said the boilers are 44 years old and parts have to be custom-made. Some asbestos will be removed for safety reasons. There should be a 40 percent saving in fuel. And there will be some state aid, resulting in about 61 cents on the tax rate.

The corrosion control facility override at $142,500, which will add 55 cents to the tax rate, was explained by Water Suprintendent Nicholson who said lime would be injected in the lines and not a sodium product. This should help home plumbing by controlling rust in the pipes, and green hair, he added.

The superintendent also explained the debt exclusion at $450,000 to be paid by loan will add three cents the first year, 89 cents the second, and an average of 12 cents for 10 years.

Funds voted to be transferred include:

from the sewer project appropriation of the April 11, 1977 special town meeting for the rehabilitation of the force main terminatiom manhole and 24 inch sewer pipeline.

-Article 10-$40,000 from free cash to the reserve fund.

-Article 13-$13,065.37 from free cash and $2,934.63 from the 1977 sewer project appropriation to purchase approximately six acres from Leonard A. Randall to protect the water supply at Number 3 well. Needing a 2/3 vote, it passed overwhelmingly.

-Article 15-$2,000 from free cash to the Rape Crisis Project. Although the Finance Committee recommended this be an article held over for a special town meeting, voters were convinced of the need given by Priscilla Trudeau of the Crisis Center, as she cited there were seven victims in Mattapoisett last year, three of whom were under the age of 18.

-Article 18-$350 from free cash to procure a workable disability insurance policy for call firefighters and reserve police officers.

-Article 20-$350 from free cash for two street lights; one at the intersection of Ocean View and Oaklawn Avenues and the second on Homestead Court.

-Article 17-$31,410 from the Stabilization Fund to purchase three marked police cruisers. Lt. Santos explained the 1985 cruiser has 119,000 miles on it and the two 1986 cruisers 76,000 and 71,000 miles on them. The Finance Committee chairman said $92,000 remains in this Fund which is kept for major purchases.

Articles indefinitely postponed included: $5,500 for voting equipment; $6,900 for a VFH radio base station communication center for the fire department; $4,500 for revamping the Town Hall fire alarm system and $5,000 for street grading and drains on Pinehurst Avenue. Defeated was Article 22 in which petitioners requested $10,000 to resurface Tinkham Lane. Following discussion and criticism from James Nunes of the Highway Department and Richard Chase of the Planning Board that the road does not have proper drainage, it was turned down until such time as the road follows the town's provisions for preparation.

vice to their community and also experience a situation that may tell them that this is or is not their field of endeavor. This must be a two-way street that they may repay the community as well as the community may offer them meaningful experiences. It would be offered to seniors in the Psychology and Sociology classes for credit.

Mr. Normand asked Selectmen to determine what needs the town had to help fulfill this service. The Board will request Mr. Normand forward information on what other schools and towns have done and make recommendations to the Board.

NOTED A LETTER from Mr. and Mrs. Albert Furnans, 27 Water Street, in which they expressed concern that if the property at 18 Water Street is sold and a building is erected across the street from them it would obstruct their view of the harbor and reduce the value of their waterfront property. This information was brought to the Board's attention in the event it is involved in decisions regarding future building on the property.

Mattapoisett Land Trust

Mattapoisett has reached a period of unprecedented growth and development. We are living in one of the hottest real estate markets in Massachusetts, thanks in part to the beauty of our coast, quality of life, and ease of access. The benefits to our economy are obvious, but development also poses threats to our environment and natural resources, and improper development and too many subdivisions can destroy the very character of Mattapoisett which has made it such a choice town in which to live.

Mattapoisett's recently formed Growth Management Study Committee could not have come at a better time, and the Mattapoisett Land Trust, in conjunction with its Annual Meeting,

will help kick off the Committee's work with a special program on May 21st at 7:30 p.m. at the Parish Hall of the Congregational Church in Mattapoisett. We will have a small panel of representatives from Open Space Committees and Conservation Commissions of neighboring towns assembled to discuss briefly what their towns have done to preserve open space and protect their towns' character and resources in the face of rapid growth. The participants will present their town's methodology and make suggestions on what Mattapoisett should consider and watch out for as the Growth Management Committee starts its own surveys and planning. The presentations will be followed by a question and answer session.

The Mattapoisett Land Trust cordially invites the public to attend this special program and our Annual Meeting on the May 21st. The Trust is dedicated to preserving the natural resources and heritage of our community for present and future generations. We encourage all to join us, and memberships are available at $5.00 per person by sending tax deductible dues to: Mattapoisett Land Trust, Inc., P.O. Box 31, Mattapoisett, MA.02739.

Memorial Day Parade

Chairman John N. DeCosta and his committee for the Florence Eastman Post 280, American Legion have just completed plans for the Memorial Day Exercises and Parade on Monday, May 25th, at 1:30 p.m. The exercises will be held at the Public Library on Barstow Street.

The Memorial Prayer will be given by the Reverend Raymond Patch, Pastor, Mattapoisett Congregational Church.

The Old Rochester Regional High School Band will entertain by playing the first two selections on the program: Liberty Bell March by Sousa, and God Bless America by Berlin.

The Gettysburg Address will be recited by Jennifer Arruda, daughter of Mr. and Mrs. James Arruda, an 8th grade student of Old Rochester Regional Junior High School.

The address will be given by Colonel Donald M. Lavimoniere.

The other two musical selections will be played by the Old Hammondtown School Band. These selections are Old Hammondtown March and the Star Spangled Banner by Smith.

All units in the parade will form

The parade will proceed to Church Street, right to North Street, right to Water Street, west on Water Street to the Town Wharf for the Memorial Salute to the men lost at sea; from the wharf, westerly on Water to Main Street to Acushnet Road and then to Cushing Cemetery.

After the ceremonies, the parade will proceed to Legion Hall for dismissal. Refreshments will be served to the marchers by members of the American Legion Post 280 Auxiliary.

In case of rain, the parade will be omitted and ceremonies will be held at the Gilbert D. Bristol Auditorium at Old Rochester Regional High School at 1:30 p.m.

Parade Marshalls will be Lt. Col. George S. White and Major Charles Morgan.

Old Hammondtown

NOTICE TO PARENTS:

It has been brought to our attention that some vehicles have been driving by school buses that are waiting to load/unload students while the flashing lights are on. Passing school buses, while lights are flashing, is counter to state law and the penalty for each offense is a $100.00 fine. The law applies to loading and unloading at all times - including drop-offs and pick-ups at the school.

Therefore, you are urged to either drop off or pick up students at the entrance to the staff parking lot or wait until buses have cleared the area. Mr. Reed and Mrs. Gauvin will help with the situation wherever they can.

JUST HOW GOOD ARE WE?

Just one year ago we bought the BEST color lab on the market. We sent our operators to school, we bought only the best paper and chemistry available. The result has been just what we hoped for.....WE DO THE BEST PROCESSING MONEY CAN BUY. That's no idle statement.....we're ready to PROVE IT. Give us your next roll of film and we'll show you how good YOU really are. More pictures are ruined by the processor than by the photographer, so if you've been unhappy with the color, the sharpness, the overall look of your photography, we suggest it's time for a change. Whether you've been giving your film to a drug store, a discount house, a mail-away company or ANYONE ELSE, we'll promise to do it better....AND ALWAYS ....SAME DAY SERVICE AT NO EXTRA CHARGE.

Richard Rowland, Secretary of Elder Affairs, executive office, Boston.

Joseph Perry has a long history of service to his community, and in retirement has been active as a leader in the Mattapoisett Senior Club. His efforts to improve the quality of life for the seniors of Mattapoisett, as well as to involve other elements of the community in senior services, have been both sustained and resourceful. Most recently, Joe was the driving force in organizing and coordinating many diverse groups and individuals to provide a Valentine's Day Luncheon for 140 home-bound Mattapoisett elders. In their nomination, the Mattapoisett Council on Aging described Joe as "compassionate, dedicated", and not the least, "a force to be reckoned with".

Isabel C. Preston's life illustrates the opportunities for growth and leadership that volunteerism offers to the elders in our communities. In 1973, "Belle", as she is known to her many friends, began first as publicity chairperson and then as president of the Rochester Senior Club. At the same time she was a founder of Coastline Elderly

Services, where she has since served as president and as an Advisory Board member for nine years. Her interest and commitment to the health and well-being of the elders of Rochester is demonstrated by her work to establish a congregate meal site in that town, her service on the Nutrition Project Council for nine years and her support of the RSVP Senior Strutters. She has served as president/director of the Rochester Council on Aging and presently serves as both an advisory council member and a local coordinator for the Mayflower Retired Senior Volunteer Program.

Mrs. Shirley Hughes, volunteer director of the Marion Council on Aging, accepted the award on behalf of all of Marion's volunteers.

3 SENIORS WIN AWARDS IN ESSAY CONTEST

Three seniors from Old Rochester Regional High School swept the awards in the high school division of the annual Delta Kappa Gamma Society Essay Contest. Julie Holden won the first place $50 prize. Sean Reed won second place and $30., while Karen Gracia placed third for a $25. prize. In addition to the three winners, ORR had four students selected as finalists and three were given Honorable Mention.

The contest, sponsored each year by the Psi Chapter of the international society of women in education, drew 189 responses from students in six local high schools. Students could choose from two topics for their essays: How might education be improved in the United States? or How can drug abuse among teenagers be prevented?

This is the second consecutive year that Old Rochester students have taken top places in the high

Mariner Youth Soccer Club has grown and the club president, Sharon Dean, wants Old Rochester Regional school board to know that it couldn't have been done without the help and support of the schools.

"When Mariner was incorporated about five years ago there were under 200 children, all boys at that time, taking part in the soccer program," Mrs. Dean recounts. Today there are over 600 boys and girls enrolled in competitive and instructional club teams for the Fall and Spring seasons. Mariner is made up of players from Marion, Mattapoisett, Rochester, Acushnet, Fairhaven and a part of New Bedford. This makes MYSC unique as soccer clubs go, Mrs. Dean explained. "Other clubs draw only from one town. Ours is chartered to have participants from several towns. This wouldn't be logistically possible without the wonderful cooperation from ORR Junior and Senior highs and the East Fairhaven school which all offered use of their fields for games and practices."

Mariner tries to maintain a sense of neighborhood when the individual teams are made up, keeping children who live together on the same team whenever possible. Almost every school within the participating towns has helped the club through the use of their fields for practices during the week.

Spring season lasts until Saturday, May 16th, for the instructional in-house teams. Sign-up for the fall will be that day. Please mark this date as this will be the only sign-up for fall soccer. Fall teams will be formed after May 16th and late registrants will be placed on waiting lists after that date.

The fall sign-ups on Saturday, May 16th, will be from 10:00 to 12:00 at ORR Senior High and East Fairhaven Elementary School. Players with all levels of ability are welcome. The fee for registration is $20.00 and includes a full uniform. For further information please call Sharon Dean, President, at 758-9201, or Betsy Pimental, Registrar, at 763-2779.

The Fall instructional program runs for 10 weeks starting in early September. Children under 8 years of age (birthdates in 1981 and 1980) will play on coed teams at East Fairhaven School. Children on the under 10 teams (birthdates in 1978 and 1979), under 12 teams (birthdates in 1976 and 1977), under 14 teams (birthdates in 1974 and 1975) and under 16 teams (birthdates in 1972 and 1973) will play on all

ORR Girls' Track

The ORR Girls' Track Team met Case High and Apponequet Regional High this week in track and came away winning both meets. ORR beat Case 118-18 and beat Apponequet by a score of 78-58.

Priscilla Clark continued her domination of the Shot Put and Discus in both meets. She threw her best in the Discus this year with 102'9". Tricia Bradley, southeastern Massachusetts' best Javelin thrower, won both meets and reached 111'8. Karen Gracia continued to score in the Shot Put and Javelin. The High Jump has been Andrea Porter's forte, followed by Becky Corkum and Lisa Starecheski.

The jumping events have had a variety of key competitors on the team. Margaret Flynn, Nicole Lyonnais, and Freshman Edlyn Engle have

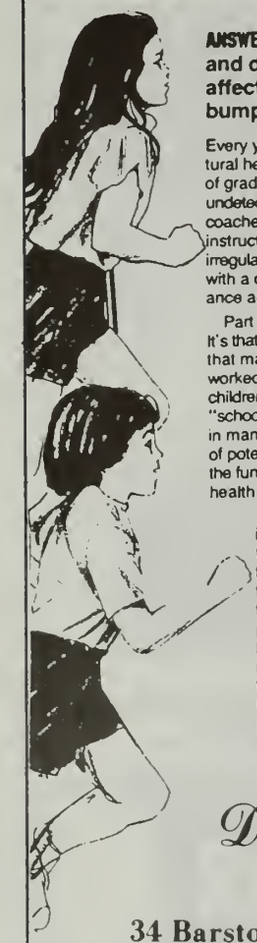
QUESTION:

WHY SHOULD CHILDREN HAVE CHIROPRACTIC SPINAL MANIPULATION?



ANSWER: Because growth and development can be affected by minor bumps, jars and falls.

Every year, thousands of structural health problems in students of grade and high school level go undetected even though teachers, coaches and physical education instructors watch for health irregularities which might interfere with a child's physical performance and learning ability.

Part of their jobs? Not really. It's that extra sense of dedication that makes these already overworked public servants give children that extra attention. The "school guardian" is responsible in many cases for the detection of potential health problems and the funneling of children to proper health authorities.

What most people don't know is that most health problems are far too complex for the teacher to note. And with a busy schedule, the educator can't be expected to have the time to screen problems that are beyond his or her scope of training, no matter how conscientious the teacher may be. The result: many children have health problems that retard their ability to learn or engage in sports effectively.

Here's what you can do:

- Parents should be urged to take more responsibility for their children's health.
- Parents and teachers should be alert to such things as changes in energy level, postural changes, moodiness, listlessness or any unusual signs that signal a problem that will impede learning. One of the observable signs is lack of interest in school activities.
- The structural balance of the child's body should be considered. The school teacher will no doubt note the child's posture, but that does not always indicate the structural integrity of the body. Comprehensive chiropractic examinations, including examinations of the spine, pelvis, neck and limbs should be recommended to avoid developmental problems.
- Incorporate posture awareness programs into your class projects. Write for suggestions and materials.

VICA competition. VICA (Vocational Industrial Clubs of America) students from vocational schools across the State competed for two days in Boston with Old Colony students winning two Gold, one Silver, and two Bronze medals.

Matthew Lopes received a Gold Medal in Machine Shop which qualifies him to travel to the National competition in Wichita, Kansas. Matthew will compete against vocational students from across the United States. Also receiving a Gold Medal in Data Processing was Jeffrey Schuster. Unfortunately, Data Processing competition is not held at the Nationals and consequently Jeff will not be competing in Kansas.

Adrianne Gaspar received a second place, Silver Medal, in Baking. A Bronze Medal in Machine Shop was awarded to Robert Parker, and Joseph Rocha received a Bronze Medal in Carpentry.

Marcus Ashley and Rose Fontes, co-advisors for the VICA Program at Old Colony, indicated that this was the most medals Old Colony has ever received in the state competition.

dialogue will be sponsored by Tifereth Israel Synagogue of New Bedford and Saint Gabriel's Episcopal Church of Marion. This program is for Jews and Christians alike.

The "dialogue" will take place in the Synagogue located at 145 Brownell Avenue (corner of Brownell and Hawthorn Street) across from Buttonwood Park and Pond (from out of town: I-195 to 140 South, cross Route 6 to the end, with the Synagogue on the right, and parking in the rear).

The program will begin with all attending the regular Friday evening service. Following the service will be a sit-down "Oneg Shabbat" reception during which Rabbi Bernard Glassman of Tifereth Israel will give a brief background and history of the concept of the messiah, how Jews view the New Testament, Jesus' role in Jewish history, and why Jews cannot accept Jesus as their messiah. The Rev. Ernest Cockrell, rector of Stain Gabriel's, will follow, presenting an overview of Jesus' role in Christian tradition and offering

Plymouth County Mosquito Control

The Plymouth County Mosquito Control Project is predicting an unusually busy spring in combating the nuisance of mosquitoes. Normally the Project does not begin its spraying program for adult mosquitoes until Memorial Day. This year that luxury may not be possible.

Project workers are finding mosquito larvae in very large quantities. Due to the heavy spring rains, the numbers of mosquito breeding sites have greatly increased.

Project personnel are presently monitoring the situation and treat-

Theatre One

"SWANN SONG" PREMIERES

Theatre One Productions wraps up its adult season with the world premiere of an outlandishly funny black comedy, "Swann Song", an original play written by Mr. Richard Pacheco of New Bedford and directed by TOP's Artistic Director Peg Holzemer. The play deals with a hilarious viewpoint on the frustrations on life and death situations and the human fallacy that we can have control over our individual lives.

"Swann Song" opens May 14th and continues May 15, 16, 21, 22, 23, 28, 29 and 30 at 8 p.m.

Advance tickets go on sale May 14th (4:30-7 p.m.) for three weekends every Thursday, Friday and Saturday ($1. off all performances); visa/mastercard accepted. For further information call the theatre at 947-1880.

SUMMER PROGRAM

The Lloyd Center for Environmental Studies will again offer its unique Summer Program in Coastal Studies during the months of July and August. This program, now in its sixth season, is a four week daytime learning experience designed to give motivated students an opportunity to explore the many aspects of marine science. Four sessions are scheduled, one each for students entering grades 6, 7 and 8 and 9-12.

Each of the four sessions emphasizes both field study and recreation and focuses on a particular aspect of coastal ecology. The primary goal of the Summer Program is to increase the participants' understanding of coastal ecosystems and human interdependence with them. At the Lloyd Center, daily classes

investigate marine biology and integrate field work with laboratory investigation. In addition, students plan and participate in an overnight camping trip, a whale watch and other field trips.

The sixth grade and high school sessions are offered in July. Students entering sixth grade study general coastal ecology, while high school students focus on coastal photography and water chemistry. In August, entering seventh graders eighth graders study physical oceanography -tides, currents, waves, coastal geology, etc.

CUP PLATE CELEBRATES NBGM

The Tenth Anniversary of the New Bedford Glass Museum has been commemorated by a specially commissioned, limited edition cup plate by the Pairpoint Glass Company.

The cup plate features a rendering of the Glass Museum's 1821 facade, with an original border adapted from one of the historic mansion's original wallpaper borders. Inscribed with the Museum's dates, 1977-1987, the cup plate design was created by New Bedford artist Barbara Crowe Bushell.

The 1987 cup plate is strictly limited edition of 1200 plates, pressed in clear or teal glass.

The Glass Museum cup plate is available to the public now through the Museum Store on 50 North Second

ting," explained Mrs. Young. "We hope to stimulate and teach new collectors, by demonstrating the rudiments of connoisseurship. The exhibition is designed to show visitors the decision-making behind collecting: Is it real? Is it old? Does it represent a significant historic period, trend or event? Is it in good condition?" Adds Mrs. Young, "I think Director's Choice includes not only beautiful objects, but ones that will surprise and amuse as well."

Other objects selected by the Museum's curator include an ornately gilded Mt. Washington "Crown Milano" thorn-handled vase; a selection of Victorian jewelry; 18th century miniature portraits on ivory; engraved Pairpoint and Steuben glassware; and a rare collection of Roman seals. The approximately 70 pieces of silver, jewelry, porcelain, furniture, and glassware have all been checked for authenticity of date and attribution by the Museum's curatorial staff.

Director's Choice will be open during Museum hours, Monday through Saturday, 10-5, and Sunday, 1-4. The Glass Museum is located at 50 North Second Street in New Bedford's waterfront historic area. Proceeds from the exhibition benefit The New Bedford Glass Museum.

The work camp, the only one of its kind that summer in the Soviet Union, was comprised of 70 young people from around the world coming together to the Republic of the Ukraine to share agricultural labor and discussion concerning the environment and disarmament.

The filmmakers were freely allowed to interview people in major Soviet cities of Moscow, Keiv and Zaprorzhye to record the collective activities and conversations of work camp participants.

The documentary also includes footage from state farms outside of Zeporozhye.

The public is invited; donation is $2.00.
